\$	TOTAL DUES by July 31, 2014 (see reverse for dues calculations)
\$	Optional - CV-SALTS Special Project Participation (Optional)
\$	Total Dues + CV-Salts by July 31, 2014

Description of Membership Classes and Basis of Dues:

LARGE, MEDIUM AND SMALL POTWs:

This membership class is open to cities, counties, local agencies and private companies who directly manage or oversee municipal or industrial wastewater collection, treatment and disposal systems and/or industrial waste control programs. Membership includes voting and Association officer rights and privileges.

Dues are based on the Design Dry Weather Flow of the member's wastewater treatment plant or plants not the current flow. If a member has more than one plant, dues are based on the total design dry weather flow of all the plants. Current Dues are \$250/mgd with a minimum fee of \$500.

SATELLITE COLLECTION SYSTEMS

This membership class includes all cities, counties, local agencies and private companies who operate satellite collection systems but do not operate their own wastewater treatment plants. These members have the same voting and Association officer rights and privileges that Large, Medium and Small POTWs have.

Dues are based on the average dry weather flow (ADWF) that the satellite collection system is discharging into its participating treatment plant. Based on that capacity, collection system dues are 25% of the dues paid by the Large, Medium and Small POTWs, or \$75/mgd with a minimum fee of \$500.

AFFILIATES

This membership class includes public wastewater agencies outside the boundaries of the Central Valley Regional Water Quality Control Board (CVRWQCB), private industry not regulated by the CVRWQCB, consultants, individuals, and other wastewater industry organizations. Membership does not include voting or Association officer rights and privileges.

Dues are based on the minimum fee paid by POTWs and Satellite Collection Systems. The current fees are \$500.

SMALL AFFILIATES

This membership class includes small consulting firms who have three or less employees, sole proprietorships and individuals. Membership does not include voting or Association officer rights and privileges.

Dues are one-third the minimum fee paid by POTWs. The current fees are \$175.

If you have questions or believe you have not been categorized correctly or your flow is incorrect, please contact Debbie Webster by email at eofficer@cvcwa.org or at the contact information below, and CVCWA will issue a revised invoice. You may also correct your invoice and send in your corrected invoice with dues based on the corrected amount. CVCWA will contact you if there is a discrepancy. Information concerning CV-SALTS Special Project is included in this dues package.
